Our Very Own Amusement Ride Designers!

STAGE 3 P3
Stage 3 have been focused on the question “How can we as engineers create a new ride for Luna Park to entertain visitors?”

All classes have been combining their knowledge of simple machines to construct their rides.

Here are a few examples from 5 Blissful who recently held a market day for other Stage 3 classes to showcase their rides.

WHAT HAS BEEN HAPPENING IN K/1 HOPEFUL?
Last term K/1 Hopeful learnt all about monsters. They wrote lots of scary descriptions and then created their very own monsters out of paper mache.

STAGE 3 -Japanese
The Japanese group have used their newly learnt food words to design and create a ‘bento box’ (lunch box) that would typically be made by parents of preschool students in Japan. Students came up with their own themes including, mine craft, Christmas, Sponge Bob, farm, rainbow, princess and even a soccer field!
Kindergarten Orientation
The first of three sessions begin next Friday 7th November. This is a great opportunity for your child to be introduced to the classrooms and for you, as the parent, to find out about the variety of opportunities. Spaces are filling up fast!

Halloween Disco K-2
This Friday the P&C have organized a disco for K-2. Entry and a lolly bag is $4. All students K-2 are encouraged to dress up.

Stage 2P3 Project
This term Stage 2 have been getting very imaginative as part of their P3 project. They have decided to become authors of narratives and are using quality literature to inspire them as they discover how to use writing to entertain their audience. 3C students have been very excited about this discovery as they have been emailing a Year 3 class at Cammeray Public School in North Sydney who will be the recipients of their books. The students have been working together in groups to find out what types of stories their audience likes to read and then putting their ideas together to make a story line. Miss Spano is very impressed with their efforts so far and can’t wait to see how their stories and their accompanying dioramas turn out. The students are also hoping to arrange a video conference with Cammeray Public School students in week 7.

Sale
The following items are still for sale. Please contact the office if you are interested in purchasing anything. All items must be taken away when sold.

- Moulded plastic chairs – small size. $2 each
